

# GOLD COAST TRANSIT DISTRICT ADVERTISING

## GET YOUR MESSAGE ON THE MOVE!

Advertising on Gold Coast Transit District buses reaches nearly 400,000 residents within the communities of Ojai, Ventura, Oxnard, and Port Hueneme. This larger-than-life advertising is cost-effective and immediately reaches your audience, unlike other traditional media forms.

Advertising with Gold Coast Transit District means no more waiting for your potential customer to pick up a newspaper or magazine. No waiting for your target audience to tune into a radio station and hope they don't change the channel when your commercial airs or fast-forward through your television advertisement. These forms of traditional media have become increasingly cluttered, while transit advertising reaches a large number of people in a very exclusive, large-format way.

When you promote your business or event on Gold Coast Transit District buses you are actively reaching your audience 359 days per year on a fleet of 56 buses traversing 91 square miles. In fiscal year 2016/2017, our buses traveled over 2 million miles, literally taking your message directly to your customers. Gold Coast Transit District buses are moving billboards.

With a high recall rate and high visibility, advertising with Gold Coast Transit District is an excellent choice when attempting to attract a vast and varied audience in today's busy world.
