Formal Items

7. Consider Approval of Extension (Not to Exceed Six Months) to MV Transportation Inc., Contract for Operation, Maintenance and Management of Coordinated Paratransit Services (GO ACCESS) – Marlena Kohler, Purchasing Manager/DBE Officer & Margaret Heath-Schoep, Paratransit & Special Projects Manager

Ms. Kohler stated that MV Transportation Inc. has been providing Paratransit Services (GO ACCESS) to GCTD for the past ten (10) years. Their current contract is due to expire June 2018. GCTD staff had anticipated issuance of a new Request for Proposal (RFP), in the early part of 2018, which would result in the issuance of a new contract to a responsive and responsible firm capable of meeting GCTD’s requirements. However, in order to optimally complete the RFP, key information is needed from the recently awarded Scheduling and Dispatching System, which may take up to six months to compile. MV Transportation Inc. has agreed to extend its current contract, for a period not-to-exceed six (6) months, for a maximum estimated amount of $1,851,220.

In September 2017, the Board authorized award of a contract to Ecolane for a new Scheduling and Dispatching System for Paratransit Services (GO ACCESS). The Scheduling and Dispatching System is considered a key tool in determining key performance metrics and operational efficiencies such as but not limited to the amount of labor required to provide the services requested by GO ACCESS customers. Currently GO ACCESS is transitioning its scheduling software from Trapeze PASS to Ecolane. The new system is scheduled to “Go Live” on or about March 1, 2018.

GCTD intends to provide at least six weeks of data to ensure all bidders can competitively respond to the RFP, utilizing the most current metrics available from the new installed scheduling and dispatching software. To allow the time to generate that data, the current contract must be extended beyond its current expiration date.

Director Blatz moved to Approve the Extension to MV Transportation Inc. Contract for Operation, Maintenance and Management of Coordinating Services (GO ACCESS) not to exceed six (6) months, for a maximum estimated amount of $1,851,220. Director Berg seconded the motion. The motion passed unanimously.

8. Consider Approval of Human Resources Generalist Position and the Restructure of Human Resources Assistant to Human Resources Coordinator Position Description – Debbie Williams, Director of Human Resources
Ms. Williams stated that as GCTD evolves as an organization we have been gradually expanding our historically limited list of approved staff position descriptions that other public entities of similar size and complexity consider to be core functional positions. Statistically, according to the Society of Human Resources Management (SHRM) the number of Human Resources professionals needed for a 200+ employee/employer is four. Over the past several years the Board has approved two additional positions for the Human Resources Department, a Director and a Human Resources Assistant. Currently the Human Resources Department has three employees.

To keep aligned with the growth of GCTD to the employee headcount, the Human Resources Department has an invaluable need to reorganize the Department to be more efficient. With the potential growth of the District, by adding an additional position to the Human Resources Department, a Human Resources Generalist and also restructure the existing position of Human Resources Assistant to a Human Resources Coordinator.

The Board can be assured that no additional headcount for the agency is proposed at this time. The Human Resources Generalist is a promotional opportunity as part of reorganization of the Human Resources Department. The Human Resources Generalist position is absorbing the current Office Manager position. The Office Manager position will be reevaluated as a need once the new facility is completed. The Human Resources Generalist position, for now, will currently have a dual role and will also continue the duties of the Office Manager. The Human Resources Coordinator duties are expanded to additional functions.

The Human Resources Generalist will be responsible for benefits administration which was previously performed by the Finance & Administration Department. Additionally, this position will be responsible for projects that are needed for the agency’s advancement such as a revised compensation policy, restructuring the new hire orientation and performance reviews. These changes will allow the Human Resources Director to continue her work in culture change and employee relations as the agency receives many benefits from these initiatives.

The new Human Resources Coordinator position will manage recruitment and perform research for the many reports critical to the Human Resources Department. This position may provide information and statistical analysis for meet and confer in Labor Management sessions; participate in labor negotiations as well as interpret Memorandums of Understanding, salary resolutions and personnel rules and regulations.

The proposed salary range for the Human Resources Generalist position is at the level equivalent to that of the Procurement Manager, Finance Analyst and Communications and Marketing Manager with an annual range of $68,835 to $96,279. This promotional change was anticipated and planned for in the FY 2018-19 operating budget. The Human Resources Coordinator position will stay within its current salary range equivalent to the Human Resources Assistant.

Director MacDonald moved to Approve the New Position Description of Human Resources Generalist and the Restructure of Human Resources Assistant to Human Resources
Coordinator position description. Director Blatz seconded the motion. The motion passed unanimously.

9. Receive Presentation on 2\textsuperscript{nd} Quarter of FY 2017-18 Ridership and Service Report for GCTD Fixed Route and GO ACCESS Service – Matt Miller, Planning Manager and Margaret Heath-Schoep, Paratransit & Special Projects Manager

Mr. Miller provided a presentation on the Fixed-Route and ACCESS service for the 2\textsuperscript{nd} Quarter of FY 2017-18. Mr. Miller answered questions and provided more details about certain areas of the performance, highlighting the effects the road closures and detours that were a result of the Thomas Fire had on the ridership in this quarter.

There being no further discussion, Mr. Miller recommended that the GCTD Board of Directors receive and file this report.

The report was received and filed.
