2007
Name Changed to “Gold Coast Transit”

2014
AB 664 –Forming the District
“Transit Agency of the Year” @ CTA Small Operators

2019
Construction of New Facility Complete
DISTRICT FORMATION

In 2009, SB 716, passed which requires that TDA “transit” funds be used for public transit purposes in larger urban counties.

In 2012, VCTC’s Regional Transit Study was completed. One of the proposals from the study was the formation of the Gold Coast Transit District.

In 2013, Gov. Brown signed Assembly Bill AB 664, which formed the Gold Coast Transit District effective July 1, 2014.
DISTRICT FORMATION

As a special purpose transit district, GCTD’s focus is on the mission of providing transit services on behalf of member cities.

• TDA Article 4 “Transit” funds are allocated to GCTD (through VCTC) based on population.
• Members may claim a portion of the funds annually for transit needs.
• Members have staff assigned to the TAC (Technical Advisory Committee).
• Each member gets 1 vote, except for Budget & Large Capital Purchases.

The District is able to:

• Plan based on transit needs where demand is highest
• Advocate for transit on behalf of the member communities
• Own and manage transit fleet and property
• Apply for grants for projects, or initiate ballot measures
• Allows other cities to join the district in future upon their City Council & GCTD Board approval
GCTD member jurisdictions:
Ojai | Oxnard | Port Hueneme | Ventura | County of Ventura
GCTD member cities generate approx. 70% of bus transit ridership in Ventura County.

Demographics in Western Ventura County contribute to the high level of ridership.
Our Mission (Adopted 2000)
GCTD's mission is to provide safe, responsive, convenient, efficient, and environmentally responsible public transportation that serves the diverse needs of our community.

Our Goal...Provide Great Public Transit.

CLEAN, GREEN & FREQUENT
FRIENDLY & WELCOMING
ACCESSIBLE & SAFE
Fixed-Route

GCTD Supports Smart Growth...Not Traffic...
“Building Transit Supportive Communities”

- Provide technical input to City Planning Depts
- Bus Stops – Work with Cities to improve spacing and attractiveness
- Apply for Grants to improve transit
- Coordinate & Support Regional Transit Operators (VCTC, SBMTD, TOT, SIMI)
- Helping Restore Communities as we Recover from COVID-19
OPERATIONS & MAINTENANCE

Operations
(130) Bus Operators
(9) Operations Supervisors
(2) Safety & Training Supervisors
(1) Operations Manager

Maintenance
(5) Vehicle Cleaner Sanitizers
(8) Service Worker (I,II)
(2) Building Maintenance Workers
(2) Facility Mechanics (I,II)
(2) Maintenance Material Specialist
(4) Mechanic I
(5) Mechanic II
(1) Mechanic III
(3) Maintenance Supervisors
(1) Fleet Manager
OPERATIONS

• Key Performance Indicators (K.P.I.)
  - On Time Performance
  - Missed Service
  - Preventable Accidents
  - Customer Contacts

• Employee Achievements

• Route & Scheduling Updates

• Inner Workings of GCTD Operations Department
MAINTENANCE

• **Key Performance Indicators (K.P.I.)**
  - Miles Between Road-calls
  - Miles Between Customer Service Interruptions

• **Employee Achievements**

• **Z.E.B. Zero Emission Bus Planning**

• **Inner Workings of GCTD Maintenance & Facility Department**
Z.E.B. TRANSITION PLANNING
Electric vs. Hydrogen

In 2018, California Air Resources Board (CARB) “Innovative Clean Transit” Rule

GOAL: Transition to Zero Emissions by 2040

TRANSITION PLAN DUE BY 2023
LOOKING AHEAD TO 2021

COVID-19 RECOVERY PLAN
FROM RESPONSE ... TO RECOVERY
